Angela Kourtakis	Warren Mott High School	akourtakis@wcskids.com
Shawna McCrum	Warren Mott High School	mccrum101@yahoo.com

2. Post-Secondary (if Present):

What can our secondary programs do to provide a better connection to post-secondary programs ?

Response:

- More emphasis on Articulation agreements with colleges - Reading and Writing abilities
- Most students are entering college with at least one remedial level of classes in these areas.

3. Discretionary Question or Discussion:

- Who developed the new tests for completers?
- Macomb County teachers need to validate the tests!
- Will there be a practice test – or will there be an online portal for students to practice test?
- Is there a fee for the test and who is paying for the test?
- Will our new certificate be validated like the NCRC Certification?
- Student taking the certification test must have the NCRC Certification first.
- When are we going to get CTE in data director? Are the teachers in the whole county going to have input in data director.
- Work keys certification needs to be included in all CTE programs.
- MOS certification – are we continuing and will we get funding for computers for MOS certification?

Meeting Adjourned: 8:00 pm

Respectfully Submitted, Scribe: Debbie Prentiss
