## Welcome to ROSES

The Registry of Special Education Students (ROSES) is a PC-based program that meets and exceeds the current requirements of Michigan Special Education Rules.

ROSES has the ability to provide up-to-date Special Education and pupil count data at the building, local district, Intermediate District, and State levels.

ROSES was initially designed to work in cooperation with SASI III, and SASIxp, K-12 student records from NCS Software

ROSES can be modified to work with other general education student records systems.

### What ROSES Users Say

*"I can get any information from ROSES. Screens are easy to follow, the updates keep adding to ROSES usefulness. Support from the MISD has been outstanding."*

**Jibber Waters**  
ROSES Operator  
Utica Community Schools

*"My newest secretaries came back from training excited and eager to use ROSES. It's easy to use, regardless of computer skill level. Our part of Pupil Accounting is a breeze because we're linked to SASI."*

**Shari Fitzpatrick**  
Director of Special Education  
Warren Consolidated Schools

*"Anyone familiar with other Windows software will be able to instantly navigate ROSES. A mouse speeds up data entry."*

**Dan Simeck**  
Special Education Supervisor
