

CLOUDS

for 1st Grade Teachers

This workshop will cover the 1st Grade Science GLCEs related to Earth Science—Clouds. You will be able to describe the shape and appearance of cumulous clouds. You will be able to explain what kind of weather is to be expected when cumulous clouds are present. You will be able to identify cloud types using cloud classification names. Students will be able to identify the three types of contrails. Participants will receive the Elementary GLOBE instructional materials on Clouds.

November 17, 2009

9:00AM – 3:00PM
