

# EARTH SYSTEMS

for 1<sup>st</sup> and 2<sup>nd</sup> Grade Teachers

This workshop will cover the 1<sup>st</sup> and 2<sup>nd</sup> Grade Science GLCEs related to Earth Science—Earth Systems. You will be able to conduct an experiment designed to test a plant's need for water, sunlight, and soil. You will be able to explain how the Earth's processes and components are interconnected. You will be able to demonstrate how water, air, soil, and living things interact in the Earth system. Participants will receive the Elementary GLOBE instructional materials on Earth Systems.
