

# USING CHILDREN'S BOOKS

## to Guide 2<sup>nd</sup> Grade Science

Wouldn't it be perfect if an expert combined the appeal of children's picture books with Standards-based science content and then offered you the ready-to-teach results? This workshop, featuring More Picture-Perfect Science Lessons, makes that exciting idea a reality. This delightful book for new and experienced elementary teachers presents ready-to-teach lessons, complete with student pages and assessments that use picture books to guide science inquiry explicitly tied to the National Science Education Standards. The following lessons will be featured in this workshop: Measurement, Inventions and Trees. Each participant will receive the lessons and the picture books/trade books that accompany the lessons.

**March 16, 2010**

**9:00AM – 3:00PM**

**Registration Fee: \$50.00 (includes lunch & materials)**

**Ford Education Center at The Detroit Zoo  
8450 West Ten Mile Road  
Royal Oak, MI 48067**

**.5 SB-CEUs  
are available  
for this  
workshop**
