

# SEASONS

## for 1<sup>st</sup> Grade Teachers

This workshop will cover the 1st Grade Science GLCEs related to Earth Science—Seasons. You will be able to describe the seasonal changes in a local habitat by making detailed observations, recording their results, making comparisons, and sharing information with others. You will be able to explain how colors in nature relate to their local environment and to seasonal changes within that environment. You will be able to conduct a research project related to ruby-throated hummingbirds and will be able to communicate their results using different formats. Participants will receive the Elementary GLOBE instructional materials on seasons.

March 2, 2010

9:00AM – 3:00PM

Registration Fee: \$50.00 (includes lunch & materials)

Ford Education Center at The Detroit Zoo  
8450 West Ten Mile Road  
Royal Oak, MI 48067

.5 SB-CEUs  
are available  
for this  
workshop
