School Annual Education Report (AER) Cover Letter

January 16, 2026

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2024-2025 educational progress for the Bozymowski Center. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Principal, Heather Shubnell (Elementary) or Principal, Jennifer Egan (Secondary) for assistance.

The AER is available for you to review electronically by visiting the following web sites: https://www.misd.net/Autism_Elementary/index.html, https://www.misd.net/Autism_Secondary/index.html, or you may review a copy in the main office at your student's school.

For the 2025-2026 school year, schools were identified based on previous years' performance using definitions and labels as required in *Every Student Succeeds Act* (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2024-25. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2024-25. Our school was identified as a "HAS NOT BEEN GIVEN ONE OF THESE LABELS" school.

We continuously address our students' unique learning needs and personalize their programs to ensure success. Additionally, we work on meeting proficiency goals through targeted instruction that incorporates the educational and behavioral support that our students with severe levels of Autism need. All students in the Bozymowski program have severe Autism. Our students benefit from direct instruction within the classroom setting incorporating pictures (visual cues), demonstrations, and limited verbal and written instructions, when possible. In addition, limited distractions, positive rewards for positive behaviors, direct

modeling of desired behaviors, and intensive ongoing practice to achieve their IEP goals. Our school improvement goals are reviewed annually and adjusted to focus on the academic and social emotional needs of our students. Our program Professional Development also aligns with improved academic and social emotional outcomes for our students.

PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Students are referred to our program from the 21 local public-school districts that reside within the Macomb Intermediate School District's (MISD) catchment area. Students identified as having severe autism may be referred to the MISD Center Program.

Status of School Improvement Plan

During the 2024-2025 school year, we implemented the following district-wide School Improvement goal:

Staff will implement transformative instruction on social-emotional learning principles, empowering students to cultivate self-regulation and engage in positive social interactions in both the classroom and community settings evaluated through school-based assessments. School-based social and emotional instruction focuses on five core competency areas: self-awareness, self-management, social awareness, relationship skills, and responsible decision making. Through collaboration, staff will explore these competencies and how they relate to students in our program.

Strategies to increase student achievement in social emotional learning include:

1. Professional development in Positive Behavior Support Plans, SAP Behavior Process, ISWIS, Key Principles of TEACCH, and CPI.
2. Team Meetings -Including a Rigorous Behavior Step Process
3. Zones of Regulation training for teachers, students, and parents, with ongoing implementation school wide.
Positive Behavior Support Programs for teachers, students, and parents.
4. Building-wide Positive Behavior Support program for students.
5. Implementation of Video Modeling via zoom assemblies to teach social emotional key standards.
6. Implementation of School Wide Sensory Rooms and Individual Sensory Diets
7. Therapy Dog Program.
8. Gross Motor Break Integration Training
- 10.Casel Framework

Elementary Strategies to improve student achievement in all academic areas include:

1. Balanced Literacy - Staff will use a balanced literacy (Four-Block Model) approach to increase student engagement and learning.
2. Common Core Essential Elements Mathematics - Teachers will implement and monitor math instruction, at each grade level, based on the Common Core Essential Elements.
3. Monthly Professional Learning Communities across content areas to monitor curriculum and aid in instruction in all academic areas.
4. Common Core Essential Elements English Language Arts - Teachers will implement and monitor ELA instruction, at each grade level, based on the Common Core Essential Elements.
5. Foundational Science Skills - Teachers will teach foundational science skills in the areas of Earth, Life, and Physical Science.
6. Teacher Training for Elementary Staff on Boom Cards, Office 365, YouTube, iPad Apps, Zoom Screen Sharing, and QR codes to enhance the virtual learning platform used for Face-to-face instruction and virtual learning.
7. Implementation of Parentsquare for daily communication.

Assessment data is collected to measure progress. When data was reviewed for our continuing ELA, Math, Writing, Science, and Social Studies and Socio-Emotional goals, we found 35% of students were proficient in Writing, 95% of students were proficient in ELA, 94% of students were proficient in Math, 91% of students were proficient in Science, 18% of students were proficient in Social Studies, and 99% of students were proficient in Socio-Emotional. Overall, students demonstrated progress in all areas.

Secondary Strategies to improve student achievement in all academic areas include:

1. Balanced Literacy - Staff will use a balanced literacy (Four-Block Model) approach to increase student engagement and learning.
2. Common Core Essential Elements Mathematics - Teachers will implement and monitor math instruction, at each grade level, based on the Common Core Essential Elements.
3. Common Core Essential Elements English Language Arts - Teachers will implement and monitor ELA instruction, at each grade level, based on the Common Core Essential Elements.
4. Foundational Science Skills - Teachers will build foundational science skills in the areas of Earth, Life, and Physical Science.
5. Teacher Training for Secondary Staff on SMART PANALS, Boom Cards, Office 365, Lumio, iPad Apps, Microsoft Teams, IXL, and IEP Goal Writing, Supplementary Aides & Supports.
6. Teachers will collaborate through curriculum committee meetings and professional learning committees to develop and enhance the current curriculum.
7. Students will have an opportunity to work at job sites "in house" throughout the buildings and community-based job sites.
8. Infusion of computer-based learning (Boom Card, Encore, Raz Kids, SnapTypePro, BitzBoard, IXL and Starfall) and instructional technology resources to supplement classroom instruction in the areas of Math and English.
9. Use of Teacher Tutorials and One on One support for students that need more academic support. The web-based subscriptions Unique Learning Systems & News 2 You are used to support transition skills & high school academics for prevocational training.
10. Monthly Professional Learning Communities across content areas occurred to monitor curriculum and aid in instruction for all academic areas.
11. Expansion of community-based instruction program to support transition services.
12. The following web-based subscriptions have been included to enhance learning in the Common Core Essential Elements: Discover Learning, Brain Pop Junior, Reading A to Z and Teacher Pay Teacher.

Assessment data is collected to measure progress. When data was reviewed for our continuing ELA, Math, Writing, Science, and Social Studies and Socio-Emotional goals, we found 65% of students were proficient in Writing, 78% of students were proficient in ELA, 80% of students were proficient in Math, 78% of students were proficient in Science, 76% of students were proficient in Social Studies, and 80% of students were proficient in Socio-Emotional. Overall, students

demonstrated progress in ELA, Math, Writing, Social Studies, and social emotional growth based on pre and post test data.

A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

The MISD Autism Program includes Bozymowski Elementary and Bozymowski Secondary/Post-Secondary programs. Bozymowski Elementary classrooms are in four school locations across Macomb County. The elementary locations are at: Wilde Elementary in Warren, Sequoyah Elementary in Macomb, Higgins Elementary in Chesterfield, and Bellview Elementary in Eastpointe. The Bozymowski Secondary Program is also located in four locations across Macomb County. The secondary locations are: Bozymowski Center in Sterling Heights, Flynn Educational Center in Sterling Heights, Carter Middle School in Warren, and Center Line High School in Center Line. Our programs provide educational services for Macomb County resident students, ages pre-K through age 26, who have severe autism and have been referred by their local school district’s Special Education Department. During the 2024-2025 school year there were approximately 117 elementary students enrolled with an average daily attendance of 94% and 163 secondary students grades 6 – 12 enrolled with an average daily attendance of 89%.

As indicated above, our program spans all corners of Macomb County. School improvement teams work diligently and collaborate to maintain ongoing curriculum planning and to implement effective instruction that integrates both academic learning and social-emotional development.

Access a Copy of the Core Curriculum

In the Macomb Autism Program, we follow the Common Core Essential Elements (CCEE) which can be viewed at:

Parent Participation at Conferences

We continue to increase parent attendance at IEP meetings and parent teacher conferences. We explore ways to enhance parental involvement in the IEPT process including using ZOOM. This year 97% of elementary parents participated in IEP meetings and 96% of secondary parents participated in IEP meetings. Conferences were held in October in the Elementary Autism Program with 76% of parents attending conferences. Conferences were held in the fall in the Secondary Autism Program and 53% of parents attended conferences.

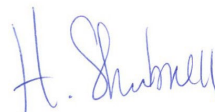

From the Principals:

The mission of the Autism Program is focused on the whole student to foster a community of communicators. In addition, we strive to increase awareness and provide resources and support for families of students with autism spectrum disorder throughout Macomb County. The educational and social-emotional success of our students is a core commitment shared by all staff. Our curriculum remains aligned with the Common Core Essential Elements while also emphasizing the development of behavioral, social-emotional, and communication skills necessary for success in school, community settings, and the transition to adulthood. We continue to celebrate every achievement of our students. Please contact the elementary office at (586) 698-4014 or the secondary office at (586) 416-5185 if you have questions regarding this report.

Sincerely,

Jennifer Egan, LPC, NCC, Ed. S
Secondary Principal

Heather Shubnell
Elementary Principal
