

## From the Principal...

On June 10<sup>th</sup> our annual Completers' Ceremony for our MoCI program was held to celebrate 9 students. The day included a lunch with their classmates and a ceremony at school. On June 15<sup>th</sup> the entire school wished the Completers well with a clap out parade. Many thanks to all the staff and PTO members who helped make this a special time for our Completers!

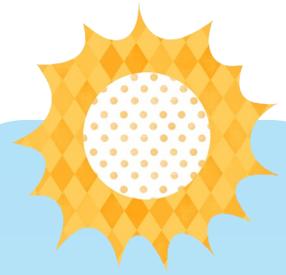

On June 23rd the staff bid a warm farewell to Cindy Haviland (paraprofessional) as she retired from the MISD. Cindy was with the MIDS/Glen Peters for 26 years! The staff and students all wish Cindy well as she enters retirement!

Jennifer Shelton

### Room 114 —Ms. Paige's Class

SCI 5 has been prepared for summer by learning all about plants this past May. We've "dug" into the life cycle of a flower, made "flower cups", and played with a garden sensory bin. Our friends in SCI 5 loved digging into our pretend dirt made out of crushed Cocoa Pebbles and Ginger snaps. Some friends found bugs in their bin and counted how many they found! We look forward to finding real plants and bugs while exploring outside this summer! .

### I Love Summer

I love summer! Summer is hot.  
It's sun and shade.  
It's water to wade.  
It's frogs and bugs.  
It's grass for rugs.  
It's eating outside.  
It's a tree-swing ride.  
It's tomatoes and corn.  
It's dew in the morn.  
It's dogs and boys  
And lots of noise.  
It's a hot sunny sky.  
It's summer. That's why.....  
I love summer.

In the summer when the days are hot,  
I like to find a shady spot,  
And hardly move a single bit  
And sit, and sit, and sit, and sit.

- Unknown

### Important Dates:

- No School on Fridays
- SCI/SXI Completer Ceremony on Wednesday, August 17th
- Half Day of School on Thursday, August 18th

It is summertime and Room 208 has been busy! Recently we have enjoyed some sensory additions to our classroom. First, the SWING is installed! With much anticipation and excitement, the students are loving it. Second, Ms. Jennifer was kind enough to allow us to purchase some sensory tiles for our classroom. With some fun base ten paddle boards, our students have had fun working on their base ten math skills. We have also had some wonderful birthdays to celebrate in our classroom. Let us be honest, cupcakes make everything more fun. Our summer reading has been focused on a book series called the Unicorn Island by Galanti Stancliffe. Our classroom is really enjoying this mystery book. We continue to focus on our emotions, as we have throughout this school year. Emotional check-ins have been added to everyone's seat. The students are doing a fantastic job expressing their emotions each day. In our Little Spot series, we have focused on A Little Spot of Creativity and will soon be reading A Little Spot of Teamwork by Diane Alber. There is still so much fun to be had this summer. Dare I say...Squirt Zone here we come!
