

**Future Meeting Topics  
Suggestions from  
October 18 MACA/MCAASE Meeting**

**MACA Meetings**

- High School Science Updates – Last year a survey was taken for course options and paths. Many districts were still working on it. How are we covering Michigan Science Standards in 3 credits per MMC or 2 credits with CTE 3 credit option
- If state stays with M-STEP fall benchmark, are districts going to move away from NWEA?
- Possibly looking at county benchmarks for IRIP's (what data points at what levels)
  - NWEA
  - DRA
  - DIBELS

Primarily conversations

**MACA/MCAASE Meetings**

- For combined meetings: For those districts doing PC's, what areas are people creating PC's in?
- Please make packets for MCAASE staff at MACA/MCAASE meetings
