

# Notes from the Principal

Students this month have enjoyed the warm weather with walks outside and playing on the playground.

This month Glen Peters also received a generous donation from the Friends of Macomb Township. This organization holds can drives and the annual pasta dinner as fundraisers for the students at Glen Peters. We look forward to a continued partnership with the Friends of Macomb Township!

On Friday, June 10th we will celebrate our 9 students completing the MoCI program here at Glen Peters. This is always a sentimental time as we celebrate each student's accomplishments and we wish them well in their next adventures. In August we will have a celebration for the students in the SCI and SXI programs.

## Congratulations

### Important Dates:

**6/3 - No School for SCI/SXI**

**6/10 - MoCI Completer Ceremony and No School for SCI/SXI**

**6/17 - Last Day of School for MoCI and No School for SCI/SXI**

**6/23 Last Day for SCI/SXI**

To request auxiliary aid or services, call 586/228-3309; Text Telephone (TTY/TDD) 586/286-804

# CLASSROOM SPOTLIGHT

**ROOM 113: MS. LAUREN,  
MS. ASHLEY AND MS. DEBBIE**

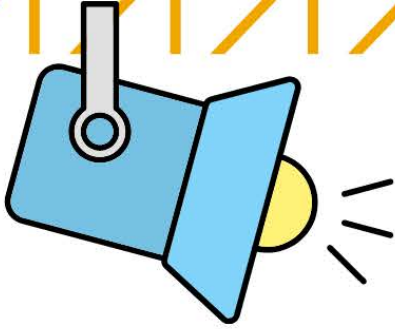

"Hello from Room 113!"

Our room has been busy enjoying outside time playing with classmates, and exploring the nature trails. Inside the classroom we have been learning about different lifecycles of flowers and animals. So far the coolest to learn about has been a frog.

We are looking forward to spending our summer days in our bathing suits at the Squirt Zone playing in the water and soaking up the sun!! For some friends, the Squirt Zone will be new and we are all excited to see them exploring and enjoying the water as we wrap up another school year!

# CLASSROOM SPOTLIGHT

## ROOM 115: MS. MARIA & MS. BETHANY

Room 115 has been working on alphabet recognition. Each day during morning meeting, we listen to a song about the letter of the day, and complete an activity. We have also been making some really fun crafts relating to the letter of the day.

Today's letter was "I" and we completed the craft "I" is for ice cream.

# Hello Summer!

Information from Nurse Ruth & Nurse Brittany

The summer is on its way and we are all looking forward to spending lots of time outside for playtimes and lessons! You should have received the MISD Opt-out Sunscreen letter by now. We apply MISD supplied sunscreen to students. If you prefer we DO NOT apply sunscreen, please send in the form or send in sunscreen of your choosing. The following is guidance to protect you and your family when out in the sun.

## Sun Safety for the Family

- The sun's rays are the strongest between 10 a.m. and 4 p.m. try to keep out of the sun during those hours.
- The sun's damaging UV rays can bounce back from sand, water, snow or concrete; so be particularly careful of these areas.
- Wear commercially available sun-protective clothing, like swim shirts and hats.
- Most of the sun's rays can come through the clouds on an overcast day; so use sun protection even on cloudy days.
- When choosing a sunscreen, look for the words "broad-spectrum" on the label - it means that the sunscreen will protect against both ultraviolet B (UVB) and ultraviolet A (UVA) rays. Choose a water-resistant sunscreen and reapply every two hours or after swimming, sweating or towel drying. You may want to select a sunscreen that does not contain the ingredient oxybenzone, a sunscreen chemical that may have hormonal properties.
- Zinc oxide, a very effective sunscreen, can be used as extra protection on the nose cheeks, top of the ears and on the shoulders.
- Use a sun protection factor (SPF) of at least 15. The additional benefits of using sunscreen with SPF 50+ are limited.
- Rub sunscreen in well, making sure to cover all exposed areas, especially the face, nose, ears, feet and hands, and even the backs of the knees.
- Put on sunscreen 30 minutes before going outdoors - it needs time to work on the skin.

## BE SUN SMART

Put on a Shirt

Put on Sunscreen

Wear a Hat

Wear Sunglasses

Stay in the Shade

SHARE THE SUN SAFE STORY  
WITH YOUR CHILD

# PETERS POST

**JUNE 2022**

## CLASSROOM SPOTLIGHT

### ROOM 301: BRIDGET STOUT

Develop a passion for learning. If you do, you will never cease to grow.

- Anthony J. D'Angelo

I am happy to share that growing and learning has encompassed our students and classroom all year long. Our young adults, in SXI 15, have explored many topics over the year, which have taught many things. These topics range from learning about significant historical figures in US history, the map of Michigan, exploring various authors, and delving into the caterpillar life cycle. The students have shared fun experiences and bonded together into a great group of adults.

As summer looms, we look forward to our Completer Ceremony and celebrating these young adults as they venture out into the world.

A huge congratulations go out to: Lauren D., Zachary S, and Marisa L. We wish these completing students a wonderful and fulfilling road ahead.

As the temperatures warm, you can find our class outside and enjoying every part of the Michigan weather. We embrace the summer and look forward to creating more memories.

Bridget, Sherry, and Wendy
